

## GIVE 2012 in NSW

**GIVE (Grower Innovation Virtual Expo)** is a grower-focused forum within the Australian sugar industry. GIVE is unique because it brings innovative and leading cane growers together to transfer information grower to grower. This expo will include farm visits, field demonstrations, research presentations, keynote speaker/s and informal exhibitions.

The NSW sugar industry is hosting GIVE 2012 at one of northern NSW premier destinations, scenic Yamba! With close proximity to Harwood & Broadwater sugar mills and their associated sugar refinery and renewable energy power plants, this conference will give an opportunity to showcase many innovations of the growing and harvesting sectors within one geographical area. It will also offer an exciting and informative experience for the 250-300 delegates from across the entire Australian Sugar Industry expected to attend.

### Dates, venue and where to stay

GIVE will be held at Yamba NSW from Monday 12th to Wednesday 14th March 2012. The presentations and functions will be held at the Yamba Bowling Club.

Yamba is a beachfront town located at the mouth of the Clarence River and adjacent to cane land that supplies Harwood Mill. By road Yamba is 3.5 hours south of Brisbane airport and about 2 hours south of the Coolangatta airport.

There is plenty of accommodation options nearby, check the GIVE Conference page on the NSW Sugar website [www.nswsugar.com.au](http://www.nswsugar.com.au) for a full list of accommodation listings.
